## Handle with Care

If your dancer is experiencing any type of difficulties at home or at school. We want to help out. We understand that you may not want to share details of the situation and that is completely okay. You can message the studio through email **"Handle with Care"**. No questions will be asked or anything said to your dancer. This will be your way to allow my staff and myself to know that your dancer may need extra time, patience or help during their class.

Bring a friend to dance class!  
Friends should wear something comfortable that they can move in, they are not required to wear a leotard.
